# 2018 Georgia Wing Fling Collage Contest

This year we are going to have each chapter make a collage representing the military and their chapter. The word collage actually derives from the French verb "coller" which means "to glue." And in fact, in its broadest definition, a collage is an act of assemblage in which series of photos or cuts of paper are glued to another piece of paper, cardboard, or canvas. Some collages may also include textured components such as ribbon, jewels, stickers, or other found objects. The crafting art of decoupage is also considered an offshoot of collage.

Each collage should be no larger than the size of standard poster board, although you do not have to use poster board (22 x 28 inches). You may use any medium and make it that size. You may place your collage on an easel or stand or we can place in flat on the table.

Please join us by participating and enjoy the creativity of each chapter as they compete to win.
